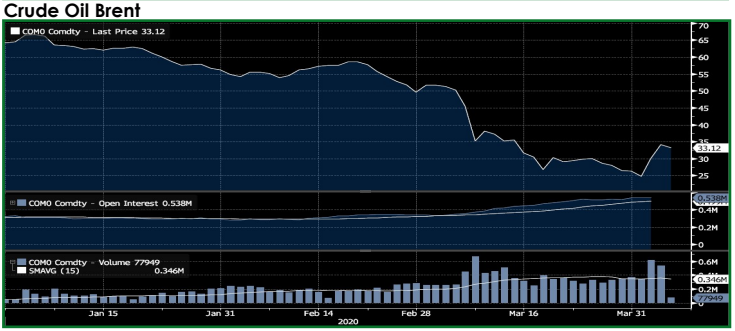
Crude Oil Brent



WTI crude opens today at 26.09 with a decrease of 7.94% as compared to its closing price on 3 April 2020 at 28.34. On the other hand, Brent crude opening price today decreased by 6.89% to 31.76 against its closing price the previous trading day at 34.11.

Oil prices slipped, after Saudi Arabia and Russia delayed a meeting to discuss output cuts that could partly alleviate oversupply in global markets as the coronavirus pandemic pummels demand. *(Reuters)*
