INVESTOR ALERT I I I

BEWARE OF INVESTMENT SCAMS I I I

The Securities and Exchange Commission ("SEC") has received reports that a group of persons, company or firm operating in Cagayan Province, Ilocos Norte, and Camiguin Island, Cagayan de Oro City, offers securities/investment opportunities to the public, particularly domestic helpers, promising a hefty income or big return, that is - a P100.00 investment made is assured of earning P900.00 every month.

The public should NOT invest their money in such fraudulent or suspicious transactions because the promise of earning a very high income which is too good to be true is false or an investment scam.

If you know about or have been approached with, this type of scam, please go to our website at *www.sec.gov.ph* or report the matter, thru telephone call, to our Investment Protection and Surveillance Department ("IPSD") at Tel. No. 584-5476, or write to IPSD at Securities and Exchange Commission, 10th Floor, SEC Building, EDSA, Mandaluyong City.
